(719) 528-7016

1685 Briargate Blvd., Ste. C
Colorado Springs, CO 80920

Dr. Sheila Hartle is honored to be chosen by her peers as one of Colorado Springs' Top Dentists 2026. She has provided dental care to the Colorado Springs area since 2011. This year, she and her amazing team are celebrating the 10th Anniversary of Hartle Family Dentistry, founded in 2016.

Originally from the Midwest, Dr. Hartle earned her biology degree from the University of Wisconsin—Green Bay, where she captained the NCAA Division I Women's Soccer team. She then received her DDS from the University of Michigan School of Dentistry, a top-ranked program, in 2001.

Dr. Hartle's mission in her private practice is to provide conservative, compassionate care with excellent results. Alongside her wonderful team at Hartle Family Dentistry, she ensures personal attention for each patient. Recognizing that dental visits can be stressful, they strive to make each appointment relaxed and unhurried. As a family dentist, Dr. Hartle enjoys caring for all generations, from pediatrics to seniors.

In her 25 years of practice, Dr. Hartle stays at the forefront of dentistry by attending both national and local continuing education. These meetings provide accountability, foster integrity, and keep her closely connected to the dental specialists who also care for her patients. Dr. Hartle is a member of the American Dental Association, Colorado Dental Association, Colorado Springs Dental Society, Spear Study Club, and the Seattle Study Club.

As more dental practices become corporate, with pressures from non-dental investors who focus on fast-paced schedules and quantity over quality, Dr. Hartle remains passionate about owning her small patient-centered practice.

Dr. Hartle and her husband of 27 years love spending time with their two young adult sons and enjoying Colorado's blue skies and beautiful mountains. She is excited to see what God has in store for her family and dental practice in the coming year.
